The reason to support us
We believe in building good citizens more than one at the time Today's society is full of negative influences that can lead our children away from good values and toward a life of crime and exploitation. The MW Children Foundation was established to give young, at- risk children living in developing countries a chance at avoiding a life of manipulation and abuse.
MW Children Foundation offers grants to pay for tuition, books and supplies for children attending Wannawit School in Bangkok, Thalland. This is an area where human trafficking, substance abuse and crime begin at a very young age for too many children. Together with the school and local civic leaders, we identify those at-risk children – who still have high moral character – an provide a means to a productive, positive life. We raise money through private donations and fundialers to give the gifts of hope and opportunity so these youths have a fighting chance at a good life. Many children are forced to leave school to help their parents earn more. Most end up working in nulpictuble, base or the street. Boys and gifts can sometimes end up victims of human trafficking and all the horrors that accompany those situations. Help us help these children and give them the chance to neach their full potential.
We at MW Children Foundation are compelled to help those children overcome poverty and injustice, but we need your support to do it. We feel we can make a positive difference by providing good counsel and an education. Another part of this effort is to expose Thai children to American kids who have good character. We hope to provide Texas souts an opportunity to travel to Thailand for a cultural exchange
